ANNUAL REPORT

1996

Town of Kensington
New Hampshire

Richard Francis Drew

"If you develop the mind of a child today....it will give our community and our country the leadership it needs for tomorrow." *Dick Drew*

The 1996 Town Report is respectfully dedicated to Dick Drew in appreciation for all that he has done for the youth of this community. His efforts, as a member of the Kensington School Board for the past thirty years, have provided leadership, inspiration and direction to the Kensington Elementary School and to our efforts to provide quality educational experiences for the children of Kensington.

Dick Drew moved to Kensington in 1960 when the Kensington Elementary had three rooms and an enrollment of 86 students. The school has since expanded to an eight room building with an enrollment of 167 students. Dick, a mason by trade, actually helped in the construction of the first addition in 1962 and led the way, as the School Board Chairman and as *Clerk of the Works*, to the second addition completed in 1987. A commemorative plaque acknowledges Mr. Drew's participation in the final phase of the development of our school, but can never tell the full story of his dedicated efforts, his commitment to children, his determined spirit, and the leadership he provided to this community in the process of getting the job done.

Dick Drew's vision for the educational welfare of Kensington's school age children did not end at building appropriate classrooms. He guided the School Board and community through the process of recognizing the need for early childhood education. He supported the need for public kindergarten in Kensington and championed the need for a preschool program to meet the needs of children ages 3 -5. Early identification and intervention have given these students the opportunity to enter school with a realistic chance of achieving to their innate potential.

The responsibility of a community to educate its youth is an awesome task but the very foundation on which we must develop the values and mores of our society. Mr. Drew has contributed so much to this process for the past thirty years. His tireless energies and his sincere belief that every child should be provided with opportunities to develop his or her understandings and beliefs have been the hallmarks of his success. There is little doubt that the contributions of Mr. Drew have been and will continue to be a positive influence on the Kensington community.

REPORT OF THE SELECTMEN

Economically we did well during 1995, returning over $20,000 from budget to the general fund. For the third consecutive year we did not have to borrow money in anticipation of taxes.

Improvements were made to the town hall; including repairing leaks, stripping and replacing the roofing shingles and making emergency repairs to the water system.

In spite of excess snow and related removal costs during January and February, the Road Agent was still able to ditch several of the town roads. Trundle Bed and sections of Muddy Pond, Moulton Ridge and Drinkwater Roads were shimmed during 1996. This year we hope to complete the shimming of Drinkwater Road.

The Board would like to compliment and thank the Emergency Management Team and especially the Fire and Police Departments for their hard work and dedication during the "100 year storm" in October.

Because of speeding complaints and serious automobile accidents in town, the Police Department intensified speed limit enforcement resulting in a significant increase in the number of speeding tickets issued and resulting arrests for other illegal activity. We believe this speed enforcement effort has reduced speeding and improved safety in town. During 1997 we look forward to a consistent and reasonable speed limit enforcement program.

We want to thank all of the department heads, town employees and the many volunteers for their efforts during 1996. Again we need volunteers to serve on many of our town boards. If you want to serve or have any questions please contact the Administrative Assistant or the Selectmen.

Respectfully submitted,

Arthur W. Dacy
John Sargent, Sr.
Robert Wadleigh

(Rev. 1995)

19. In General. Towns may take and hold in trust gifts, legacies and devises made to them for the establishment, maintenance and care of libraries, reading-rooms, schools and other educational facilities, parks, cemeteries and burial lots; the planting and care of shade and ornamental trees upon their highways and other public places, and for any other public purpose that is not foreign to their institution or incompatible with the objects of their organization.

19-a. Trust Funds Created by Towns. Towns may at any annual meeting grant and vote such sums of money as they deem necessary to create trust funds for the maintenance and care of libraries, reading rooms, schools and other educational facilities, parks, cemeteries and burial lots; the planting and care of shade and ornamental trees upon their highways and other public places; and any other public purpose that is not foreign to their institution or incompatible with the objects of their organization.

20. For Cemeteries. Towns shall take and hold in trust gifts, legacies and devices made to them for the care of cemeteries and burial lots when the terms of the gift, legacy or devise do not impose any liability upon the town beyond the amount of the gift, legacy or device and the income thereof.

21. Funds of Cemetery Associations, etc. Towns may receive from cemetery associations or individuals funds for the care of cemeteries or any lot therein, and the income thereof shall be expended by the town in accordance with the terms of the trust or contract under which the funds were received.

22. Trustees. All such trusts shall be administered by a board of 3 trustees, unless a town at an annual or special town meeting votes that such trusts shall be administered by a board of 5 trustees. In towns with a board of 3 trustees, one trustee shall be elected by a ballot at each annual town meeting for a term of 3 years. In towns with a board of 5 trustees the 2 additional trustees shall be appointed initially by the selectmen, one for one year and one for 2 years. Thereafter all trustees shall be elected by ballot at the annual town meeting to replace those whose terms expire. The term of each trustee shall be 3 years. Vacancies shall be filled by the selectmen for the remainder of the term. In cities said trustees shall be chosen and hold their office for such term as shall be provided for by city ordinance. Trustees shall organize by electing one of their number bookkeeper, who shall keep the records and books for the trustees, and shall require a voucher before making any disbursement of funds from said trusts.

22-a. Cy Pres. Cemetery Trust Funds. Upon petition of a majority of the board of trustees and upon a finding that it is in the public interest, the superior court may direct the application of only accumulated excess trust income for the general care, capital improvements to or expansion of the cemetery relative to which the particular trust applies. The court shall determine from the terms of the particular trust whether the excess income accumulation of the particular burial lot trust fund will not be required for the care of the burial lot in the foreseeable future. In determining this requirement the court shall consider:

I. The financial status of the trust account.

II. A projection of future interest rates.

III. A projection of future labor costs necessary to maintain the lot.

23. Single Trustee. A town wherein the total book value of trust funds is less than fifteen thousand dollars, acting under an appropriate article in the warrant for any annual town meeting, may vote that the board shall consist of one trustee only, in which case said trustee shall be chosen by ballot at the same and each succeeding annual town meeting; and such vote may be rescinded in like manner. All the duties and obligations imposed by law upon a board of trustees shall devolve upon the trustee so chosen; vacancies shall be filled by the selectmen for the remainder of the year; and said trustee shall receive from the town treasury such compensation as the town meeting may determine.

24. Trustees; Expenses. The expenses of trustees or the trustee provided for in RSA 31:23 shall be charged as incidental town charges.

25. Custody; Investments. The trustees shall have the custody of all trust funds held by their town. The funds shall be invested only by deposit in some savings bank or in the savings department of a national bank or trust company in this state, or in shares of any building and loan association or co-operative bank, incorporated and doing business under the laws of this state, or in the shares of any federal savings and loan association, located and doing business in this state, or in bonds, notes or other obligations of the United States government, or in state, county, town, city, school district, water and sewer district bonds and the notes of towns or cities in this state; and such stocks and bonds as are legal for investment by New Hampshire savings banks and when so invested, the trustees shall not be liable for the loss thereof; and in any common trust fund established by the New Hampshire Charitable Fund in accordance with RSA 292:23. The trustees may retain investments as received from donors, until the maturity thereof.

25-a. Retention of Nonlegal Securities. Any security which at the time of its purchase under RSA 31:25 constituted a legal investment for New Hampshire savings banks under the laws and conditions then existing may be retained notwithstanding the fact that, because of changes in the law relating to legal investments or because of conditions arising subsequent to the purchase of such security, its purchase might not then be legal; provided, however, that no such security that is not a prudent investment under the circumstances existing at the time of its retention and thereafter shall be retained by the trustees; and provided further that the aggregate total of the market value of all securities retained under this section shall not exceed 20 percent of the total market value of all the investments held by the trustees.

CEMETERY TRUSTEE REPORT FOR 1996

Our friend and fellow cemetery trustee John York passed away last Spring. John had been a trustee for many years. His years of service and experience were notable and we have lost a valued member of our community. Lynne Monroe was appointed by the Selectmen to complete John's term.

Much was accomplished at the cemetery this past year. Work has continued on tree pruning and tree maintenance in the Dearborn Cemetery. We plan on continuing this work in 1997. Eleven trees were planted in the Dearborn Cemetery this past Fall. The funding for the trees was provided by private donations in memory of John York and Howard Beckman.

Gravestone maintenance which includes straightening and repair of stones continued in the Dearborn Cemetery and was started in the Lower Cemetery. A generous donation by the Kensington Historical Society enabled us to have 60 stones repaired in the Upper Yard greatly improving the looks of the cemetery but also saving many stones which were on the verge of toppling over. We are very grateful for the Historical Society's financial support. The Historical Society also sponsored a workshop on stone cleaning and care. We have plans to continue this project in the coming year.

The iron fence along Route 150 was damaged as a result of the heavy snowfall last winter. The iron support rods holding the fence up snapped in several places. These rods will need to be replaced and we are arranging to have the work completed during the summer of 1997.

A new cemetery gate has been installed in the Upper Yard in memory of Ruth B. Armstrong. The gate was dedicated in June by the Kensington Historical Society.

We continue to be grateful for the work of Buddy and Jackie Dunn in the maintenance of the cemetery grounds. As requested in last year's report, we asked that no artificial flowers be placed on the gravesites effective January, 1997. Wires cut accidentally by lawn mowers can cause serious injury.

We also ask that those who place Christmas decorations at the graves please remove them by April 15th; Memorial Day decorations by November 1st. By following these guidelines we hope to keep the cemetery well maintained.

We urge all families to establish perpetual care on their family plot. If you are interested in more information, contact a cemetery trustee.

In the past few years there has been an increase in the burial of ashes at the cemetery. There are a few procedures that must be followed:

- A trustee must be notified before burial of ashes
- The ashes must be placed in a permanent container (concrete, bronze, or synthetic material
- A burial permit must be filed with the Town Clerk

The cemetery is closed to traffic and burials during the winter months but will be open in the Spring as soon as road and frost conditions permit. The iron gates are closed all year except for Memorial Day week.

BURIAL PROCEDURES:

In the event of a death, the family should contact the Town Office or one of the Cemetery Trustees. If the family has not already

selected a plot, the Cemetery Trustees will assist the deceased's family in selecting one. There are two graves to a plot.

Winter Burials: Due to weather, road conditions and frozen or muddy ground, the Dearborn Cemetery will no longer be open for winter burials. An exception will be considered at the discretion of the cemetery trustees taking into account the amount of snow and ground conditions. The town vault is available for storage until Spring burial.

FIRE DEPARTMENT REPORT FOR 1996

The Kensington Fire Department and Rescue Squad has had a very productive and busy year in 1996. I would like to thank all the members for their many hours of commitment to the department this year. This year we have had 14 new members join our department, and all have been trained for either Fire or Rescue or both.

"911" has been up and running for the whole state of New Hampshire for the past two years. Simply dial 911 and when a telecommunicator answers they will ask you some questions to confirm your name and address, so please stay on the line if possible. The 911 system puts your address on a computer screen as soon as they pickup, but they like to confirm the information and get the nature of your call. They will then switch you to Rockingham Dispatch. " 911" has the ability to help you over the phone with medical emergencies, suicide prevention, poison control, and language barrier. You should dial "911" once for a test and tell them you are confirming the information in their computer. If you dial 911 and hang up, a Police Officer will show up at your door. Any questions please call Robert Upton 772-4681.

Once again the members of our department put on an excellent program for the Kensington Elementary School children and the Kathy Cook Day Care center during Fire Prevention week. The members are currently finishing the ambulance bay, also this past year the upstairs hall has been painted, thanks to the Boy Scouts, and we are now planning to put down a new floor in the hall.

I would like to take this opportunity on behalf of the Kensington Fire Department and Rescue Squad members to express our gratitude and appreciation to all the residents of Kensington for their generous financial and moral support.

It is my pleasure to serve this community as your Fire Chief.

The Fire Dept. and Rescue Squad have had a total of 87 Fire calls and 87 Ambulance calls for 1996, with a breakdown as follows:

FIRE DEPT.		RESCUE SQUAD	
Structural Fires	- 3	Medical Emergencies	- 56

Medical Aid	- 1		

1,093 hours were used to respond to the above 87 Fire calls. 758 hours were used to respond to the above 87 Ambulance calls. In all, approximately 12,000 hours were expended keeping the equipment in repair, maintaining the station, administration, planning, education, training and responding to alarms.

In closing, I would like to remind everyone **TO REPORT AN EMERGENCY - FIRE, AMBULANCE, AND POLICE, PLEASE DIAL "911" & STAY ON THE LINE. The old emergency number is no longer used. PLEASE INSTALL AND CHECK YOUR SMOKE DETECTORS REGULARLY,** they are your first line of defense against fire. **IT IS NOW RECOMMENDED TO REPLACE YOUR SMOKE DETECTOR IF IT IS TEN YEARS OLD OR OLDER.**

HAVE A SAFE AND HEALTHY NEW YEAR.

THANK YOU!

This year, we started a book discussion group. Attended by a small but enthusiastic band of readers, the group meets approximately once a month to discuss books borrowed through the State Library's Book Bag Program. We would be happy to have more members; just come in to get a book.

The State Library now has a new service called Article Express. Using it, we can now get almost any magazine article faxed to us - sometimes within an hour. Students especially have found this service rewarding.

We are pleased to continue an informal but rewarding relationship with Kensington's Scout troops. A den of Cub Scouts turned the Library yard into the spookiest place in town for Halloween. Boy Scout David Almon organized a group of fellow Scouts, and ran the annual book sale for us. It was so nice to have young backs and legs to lift and carry all those books! Now, from the Brownies, there are wonderful dream catchers hanging in the stairwell. How lucky we all are to have these great young people in town.

The Friends of the Library, under Andrea Swift's able presidency, continue to thrive. Their Soup Luncheons proved to be a success, as did the bread table at the Holiday Fair. Look for another Garden Tour, coming in June, 1997. The Friends would love some new members. Call Andrea or the library for more information.

An important part of our job is to collect and preserve Kensington's history. We have been indexing vital records to make it easier to find your ancestors. If you are new to town, you might like to look in our house file for materials about your place.

Thanks go to all the people who make our library work; trustees, Friends, Scouts and volunteers.

1996 ANNUAL REPORT OF THE PLANNING BOARD

1996 has been a very busy year for the Planning Board. The majority of our work entailed the usual review of lot line adjustments, and site plan reviews with an ever increasing demand of time spent closely reviewing several dozen (minor/major) subdivisions. This board's responsibilities did not stop there. In addition, board members served on sub-committees to review/revise building permit regulations, road construction regulations for subdivisions, driveway procedures, and sub-division proposals.

Since 1995 and in particular this year, the Planning Board has seen a sharp increase in proposed sub-divisions and land development. As the town continues to experience increased requests for the sub-division and development of its land, it may become necessary to consider the creation of a Capital Improvements Plan (CIP). A CIP must be developed if impact fees are to be assessed. Impact fees can be used to address off-site improvements such as roads and fire ponds and other additional levels of services created by a development.

The main purpose of a CIP is planning - to prevent surprises. A good CIP process updates the plan yearly, with revised estimates of future capital expenditures. This requires the planning and input of all departments. In conjunction with the Master Plan, a Capital Improvements Plan will help ensure the burden of Kensington's resources and services are adequately supplied/maintained through ongoing growth and development. The rate, location and type of growth, and protection of unique features affect not only the municipality's physical appearance but also its need for public services and facilities. A municipality that plans wisely for its land use will be far better equipped to anticipate and deal with future demands and problems. Both the Master Plan and the Capital Improvements Plans are necessary planning tools to help meet the challenges we face in making sound community decisions relating to Kensington's development.

Planning for a Town's growth is an evolutionary process of review and revision of regulations and the adoption of new procedures. Your interest and involvement with the Planning Board is encouraged. Please contact me if you are interested in becoming a member.

I would like to use this opportunity to personally thank those individuals on the Board who have given unselfishly of their time and effort serving as members, serving on sub-committees and/or providing countless hours of research and follow-up on Planning Board activities. A special thanks is extended to Mary Ann Bouchard for her timely support and guidance throughout the year.

Respectfully submitted,
Dennis C. Willis, Chair

REPORT OF THE KENSINGTON POLICE DEPARTMENT

As your Chief of Police, I am pleased to report to you the activities and progress of the Kensington Police Department for the calendar year 1996.

Statistical numbers for 1996 have indicated both upward and downward trends in different areas. You must look at the category to see if the up or down trend is positive. Let me share some statistics with you for your thoughts.

	1995	1996
Residential Burglaries	6	1
Criminal Mischief	7	9
Driving After Suspension/Revocation (arrest)	2	15
Untimely Deaths	3	2
Missing Persons	2	1
Disobeying A Police Officer (arrest)	3	7
Protective Custody	2	3
Unauthorized Taking (theft)	9	17
DWI (arrest)	11	11
Transporting Alcohol/Open Container	10	22
Physical Assault (arrest)	2	5
Motor Vehicle Accidents	44	37
Motor Vehicle Summons	333	805
Drug Charges (arrest)	2	39
Criminal Threatening	3	7
Alarm Responses (68 alarms in town)	45	51

The above numbers do not account for actual calls for service. Only those that require a UCR number (Unified Crime Report) are listed. Calls for service has continually increased over the years as expected. Not every call for police assistance is "bad". We enjoy working with our community and will continue to serve and protect our citizens.

Please continue to set the example in obeying our ordinances and laws. They are there to protect all of us and make Kensington a safer and more enjoyable place to live.

As in the past, my door is always open to you. Please feel free to call or stop by the station at any time. Discussing thoughts and ideas with your Police Chief is not always a bad idea. These conversations usually end by giving each of us a sense of direction. I look forward in talking with as many of you as possible throughout the year.

In closing, my extended thanks to all our town departments and boards. Our communication has remained positive and productive. I know the police department wishes to continue this harmony throughout the years to come. This will assure Kensington residents our fullest attention.

Respectfully Submitted,
Chief Michael Aquilina

REPORT OF THE RECREATION COMMITTEE

The Kensington Recreation Committee is pleased that the newly constructed ballfield on Trundle Bed Lane will be ready for the 1997 baseball/softball season. A very generous donation along with contributions from town organizations and many hours of volunteer work have made this project a great success. Thanks to everyone who participated and lent a hand. Join us in dedicating the field in early May.

Last summer over 60 children enjoyed the Summer program at the Park. Each year more children participate in the program's varied games, sports, music and art activities. The camp is held for one week in July and one week in August. Sign-ups are held the last week in May.

Despite terrific snow conditions last winter, there was not enough interest to run the ski trip to Mt. Sunapee. The trips have been offered for the 1997 ski season. A late January freeze made skating on the Town Park's pond possible.

The Rec Committee conducted a survey last spring to assess the recreational needs of the community. We are using the data we gathered to make both long and short term goals for recreational space and programs. We welcome suggestions and ideas. Committee members include Donna Carter, Geoff Coffin, Kathy Cook, Dan Provost and Nancy Roffman.

REPORT OF THE RECYCLING COMMITTEE

1996 was a year of transition for Kensington Recycling. At the March 1996 Town Meeting the voters passed a Warrant Article establishing a change to contracted curbside pickup of 11 items. In May, a three year contract was engaged with Kaufmann M & E Inc. Prior to curbside, the volunteer effort, from January to May, collected about 50 tons of material. Since the changeover, the curbside pickup and first Sat. cardboard program recycled an additional 126 tons of material, and 18 tons of heavy metal, bringing the year end total to about 194 tons. This, compared to 103 tons for the previous year shows a significant increase in recycled tonnage. Since the new program began in May, we averaged about 18 tons per month.

Curbside became very popular with K M & E estimating participation running over 90% of households. In October, due to the overwhelming volume of material, we split the pickup schedule so that each half of the town is on alternate pickup weeks. This has allowed Kaufmann to pick up in a safer and more timely schedule. Kaufmann also began in October to include the Kensington Elementary School as a pickup location, free of charge, enabling our children to help the town's efforts. 1996 recycling of 194 tons equates to $9,700.00 saved in landfill tipping fees.

The 1997 contract remains the same at a cost of $0.75 per household each 2 weeks, or only $19.50 per household per year. The committee would like to thank all of the voters and residents of Kensington and the entire Kensington Elementary School administration for making Recycling a success. Let's all continue to do what we can, and with the school's help, achieve our goal of continued growth of our recycling program. New residents or anyone with questions about recycling schedules or items allowed at curbside, please call the Town Hall.

SOUTHEAST REGIONAL REFUSE DISPOSAL DISTRICT 53-B
1996 Annual Report

This was the fifth year the District has conducted the Household Hazardous Waste program for the member towns. We held two collections - in Hampton in the Spring and Sandown in the Fall. The Collection in Hampton was held on May 13, 1996. A total of 364 cars attended the collection representing 390 households. The collection in Sandown was held on October 5, 1996. A total of 112 cars attended representing 123 households. At our first collection in 1992, 81% of the participants had never been to a HHW collection before. This year 45% had never been to a collection.

The total cost of both collections was $26,102. A grant from the State of New Hampshire, based on the population of the District member towns, in the amount of $8,616 helped to offset the cost. The remainder was paid for out of District funds which had been set aside for this purpose. The per car cost for the Hampton collection came to $50.87; and the per car cost for the Sandown collection came to 68.17.

Based on the positive response we receive to these collections, the committee feels these collection are a very important function of the District and should continue. Citizens in our member municipalities continue to become more educated about household hazardous waste, have become familiar with the collections, and are willing to participate. The District has budgeted funds in the 1997-1998 budget to hold collections in the Spring and Fall of 1997.

The District continued its Recycling Grant Program for education and public relations. Fremont, North Hampton and South Hampton received grants totaling $4,088. The Recycling Committee of these towns will be producing educational materials to aid in their recycling efforts. $5,000.00 has again been budgeted to continue this program in 1997-1998.

The Administrative Assistant and members of the District Committee attended several State level conferences during the year.

The landfill portion of the District continues to be the management of the long-term contract with the Turnkey Landfill in Rochester. Brentwood, Fremont, Hampton, New Castle, North Hampton, Rye and Sandown are currently shipping to Turnkey. In July, the current tipping fee of $46.14 will be adjusted by the CPI of January 1, 1997. In addition to this increase, beginning July 1, 1997 the tipping fee will also be increased $.65 per ton due to a host community fee that Turnkey must pay to the City of Rochester. this host community fee is provided for in RSA 149-M:13,V.

The Septage Committee and Waste-to Energy Committee continue to be inactive.

<u>IN THE UPCOMING YEAR:</u>

The Administrative portion of the District will continue to be a part-time operation. The present office location will be maintained, and the Administrative Assistant's hours will remain at twenty hours per week. The contract with Waste Management will continue to be administered by the District office.

. The sixth annual Household Hazardous Waste Collections will be organized for the Spring and Fall.

Recycling education grants will again be awarded to District member towns.

We will continue to keep abreast of all refuse disposal and recycling methods, and we are always available to assist and/or answer questions from member towns and citizens. We will also continue to attend State level conferences on MSW and recycling.

Respectfully submitted,
Winthrop Comley
Secretary

KENSINGTON SCHOOL DISTRICT MEETING
MARCH 9, 1996

The meeting was called to order at 7:00 PM by the Moderator, Victor Petzy. Mr. Petzy led the meeting in a salute to the flag.

Mr. Flynn presented Linda Blood with a plaque commemorating her fifteen years on the School Board.

Dr. Lee presented Mrs. Blood with a framed picture of the Kensington Elementary School from the KES staff, as a remembrance upon her retirement from the School Board.

Mr. Petzy introduced the members of the school board as well as those in attendance from the SAU # 16 office. Mr. Petzy asked if there were any objections in allowing any non-residents to address the Warrant Articles. There were no objections.

ARTICLE 1. To determine the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the School District at the same amount as paid in the previous year.

Dick Drew moved to accept Article 1. Paul St.Jean seconded the motion. Alicia Crow asked who the Truant Officer was. Mrs. Linda Blood stated that she is currently the Truant Officer. There was no further discussion. The vote was taken and was in the affirmative.

ARTICLE 2. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for School District officials and agents and for statutory obligations of the District.

Linda Blood moved to raise and appropriate the sum of Two Million, One Thousand, Four Hundred Sixty Five Dollars ($2,001,465.00). Paul St.Jean seconded the motion. Mr. St.Jean addressed the meeting giving a brief overview of the proposed budget which represents an increase of One Hundred Forty-four Thousand, Eight Hundred Fifty Dollars ($144,850.00) over the 1995-1996 school budget. Mr. St.Jean indicated the increases are attributable to Jr. & Sr. High School tuition costs, teaching supplies, an additional grade one teacher, a special education aide at the high school, and administrative costs.

There was no discussion on the budget. The vote was taken and was in the affirmative.

ARTICLE 3. Shall the School District accept the provisions of RSA 195 (as amended) providing for the establishment of a cooperative school district, together with the school districts of Brentwood, East Kingston, Exeter, Newfields, and Stratham, in accordance with the provisions of the proposed articles of agreement filed with the school district clerk? (This article to be voted upon by ballot, after debate, at the meeting.)

Dick Drew moved to accept Article 3. Linda Blood seconded the motion. Paul St.Jean read the Articles of Agreement relative to the Cooperative School District (see attached.) Paul stated the Articles of Agreement had passed in all the towns within the SAU #16. Handouts regarding the Cooperative School District were distributed to the meeting by Mr. St.Jean.

Mr. St. Jean reviewed the projected enrollment figures noting that presently there are nine hundred twenty-four (924) students at the Jr. high and one thousand one hundred forty-five (1,145) at the Sr. High school. By the school year 2004-2005 the projected enrollment figure at the Jr. High school will be one thousand seventy-six (1,076) with one thousand six hundred, eighty-seven (1,687) at the Sr. High school. Paul stated a Cooperative School district would provide a sensible solution for the over-crowding at both schools. Additionally, by approving the Cooperative, Kensington would have representation on the new Cooperative School District Board.

Dr. Singer thanked the board for their time and effort with regard the study of the Cooperative .

John Sargent Jr. questioned Article 5 of the agreement and asked whether a simple majority or a two/thirds majority was needed to renovate or construct an addition etc. to the present Jr. and Sr. High schools. Mr. St.Jean noted that a two/thirds majority is needed to finance any new construction.

Mr. St.Jean stated that if the Articles of Agreement are approved in all six towns, the state of NH would need to approve the formation of a Cooperative School District and soon after a Co-op Board would be elected by all six towns. The newly formed Co-op Board would then investigate the buy out of the Jr. and Sr. High schools and the options available to accommodate projected enrollments. All six towns would then vote on their recommendation at a Cooperative School District Meeting and if defeated it would mean the end of the Co-op.

There were several persons who voiced their concern regarding the election of at large candidates to the Co-op Board. Their concern centered around the fact that they may not know each candidate. Mr. St.Jean stated he felt most people would vote for a candidate's stand on various issues. The Cooperative School Board would consist of three Exeter members, two Stratham members, and one member each from Kensington, East Kingston, Newfields, and Brentwood.

Doris Swift asked if there was any discussion as to where a new school would be located. Paul St. Jean answered that 60 acres of land would be needed to build any new school and several parcels have been identified throughout the SAU but will not be divulged.

Bob Hall stated he felt very strongly that the Kensington sixth graders should not be taken out of KES and voiced his disagreement with the Co-op.

Mr. Waldron asked if Kensington could remove themselves from the Cooperative at a later date. Michael King, Attorney for the outlying towns within SAU #16, stated it was possible however it it required a vote from the Cooperative Board, permission from the state of NH and could not occur within five years after formation of the Co-op.

David Lennox stated he was of the opinion after attending a public hearing at the Exeter Jr. High School that all the towns would have to accept the Articles of Agreements in order for the Article to pass.

Mr. St.Jean stated that was not the case.

Mr. Varn asked what would happen if Kensington were the only town to vote against the Cooperative School District. Mr. St. Jean stated that the other towns could reorganize to form the Co-op without Kensington. Kensington would then need to pay tuition. Mr. St.Jean also noted that the Co-op would only accept Kensington's 7th and 8th graders but not the sixth graders.

Mr. Briggs asked how many Exeter 6th graders presently attend the Jr. High School and voiced his concern about Kensington 6th graders going to school in Exeter. Mr. Briggs was told that there are currently 200 sixth graders attending the Jr. High.

Mrs. Blood stated that at the beginning of the public hearings on the Co-op townspeople had grave concerns about sending the 6th graders to Exeter. However, at the end of the meeting it was agreed that the 6th graders would probably lose out if Kensington were the only town not to join the Co-op.

Several residents questioned the cost of joining the Cooperative as well as the buy out of the Exeter Jr. & Sr. High Schools. Mr. St. Jean stated the venture would be more costly.

Beth Brown voiced her concern regarding Article 11 of the agreement which states that current Exeter teachers would be guaranteed one year employment and said she was fearful of losing good teachers.

Mrs. Santarelli addressed the meeting and stated she was in favor of joining the Co-op and had given the matter much thought and feels strongly that with commitment and communication among all the towns the Cooperative would succeed.

Mr. Hoyt stated that he did not have a basic problem with the Cooperative but was of the understanding that if the Cooperative was defeated by any one town that the articles of agreement would be reviewed and reworked to be more acceptable to all the towns.

John Sargent stated he felt there were glaring problems with the agreement

Judy Santarelli agreed there may be some problems with the agreement but feels that it would be better to join in with the other communities to help solve any problems.

The question was called for.

A ballot vote was taken. One hundred twenty-six (126) ballots were cast. The vote was seventy-four (74) yes and fifty-two (52) no. Article 3 passed.

ARTICLE 4. To see if the School District will revoke the Tuition Trust established at the 1993 annual meeting whereupon the trustees of the trust funds shall pay the balance in that account to the school district treasurer. (The school board recommends adoption of this article.)

Linda Blood moved to accept Article 4. Paul St.Jean seconded the motion. There was no discussion. The vote was taken and was in the affirmative.

ARTICLE 5. To hear the reports of Agents, Auditors, Committees or Officers heretofore chosen and pass any vote relative thereto.

Linda blood moved to table Article 6. Dick Drew seconded the motion. The vote was taken and was in the affirmative.

ARTICLE 6. To choose Agents and/or Committees in relation to any subject embraced by this Warrant.

Linda Blood moved to table Article 6. Dick Drew seconded the motion. The vote was taken and was in the affirmative.

ARTICLE 7. To transact any other business that may legally come before this meeting.

There was no further business.

It was moved and seconded to adjourn the meeting. The meeting adjourned at 9:51 PM.

SAU 16 REPORT OF ADMINISTRATION

William J. Clancy
Superintendent

Barbara L. Lobdell
Assistant Superintendent

Paul A. Flynn
Assistant Superintendent

In 1996-97, there have been significant changes in the profile of SAU 16 schools as the Exeter Region Cooperative School District was formed to assume operating responsibility for Grades 6-12 on July 1, 1997.

In addition, a successful bond issue was approved to support the construction of a middle-level school scheduled to open in September 1998.

Also, Stratham welcomed Karen Soule as Principal of Stratham Memorial School, Newfields welcomed Barry Ring as Principal of Newfields Elementary School, and SAU 16 welcomed Susan Ratnoff as Principal of Exeter High School. We certainly wish each of them continued success.

Since this is my tenth and final year as Superintendent in SAU 16, I wish to commend the teachers and staffs of our schools for their efforts on behalf of our students.

Our teachers and staff are recognized throughout New Hampshire for their expertise and practices, and I am most grateful to them for making our schools as good as they are.

In July 1997, SAU 16 will welcome Arthur Hanson as Superintendent. We wish him much success as he leads our schools into the 21st century.

Principal's Report

The member communities of SAU #16 recently formed a Cooperative which will be initiated beginning with the 1997-1998 school year. In preparation for the changes inherent in the new organizational plan, we are working cooperatively with the Coop School Board to insure a smooth transition for our students. During the 1997-1998 school year a new building will be under construction, therefore Kensington's sixth grade students will continue their education in Kensington.

We continue to focus on the reading/writing connection as our primary goal for the Kensington Elementary School. Children who can read, write, listen with comprehension and speak effectively will, without question, be successful in school and in the lifetime of years that follow. The entire professional staff is committed to achieving this goal and grasp at every opportunity to support the development of the language arts. This year we are working cooperatively with one of the KES parent groups in the writing and publishing of a literary book to be authored by the students in our school. Every child will have his/her own story, poem, research or creative writing in the book and will receive a bound copy of the final publication. Individual student writing portfolios are being maintained in every classroom and the staff will work cooperatively with our student editorial staff in the development of the final draft. Our supportive parent group will be working with us to achieve our objective. They will type the print copy, assist in seeking funding for printing costs, distribute the final edition and assist in the training of our student editorial staff. The entire process will be supported daily within the individual classrooms and our students will soon be authors of their "own" publication.

The New Hampshire State Assessment Testing Program, local testing, and reviewing the progress of Kensington students through their junior high school years, give strong indication that our students are progressing well in all areas of curriculum. We continuously examine what it is we want to teach.... question its consistency with the State Curriculum Frameworks ....integrate technology into the teaching/learning process and deliver instruction with full consideration of the varying learning styles, individual differences and the special needs of each student. The success of our students indicate that we are doing the job, however we recognize that it must be an ongoing process if we are to keep up with the challenges of tomorrow.

The current first grade enrollment of 32 students necessitated the addition of a first grade classroom. Mrs. Nancy Roffman was employed by the School Board to teach the class and has been a welcome addition to our staff. Mrs. Carol Montoni was employed as the new school nurse to replace Mrs. Paula Murphy who left to work with the Visiting Nurses Association. Mr. Barry Newcomb replaced Ms. Michelle Grenier, former Physical Education Teacher, who left Kensington for full time employment at UNH. Our Occupational Therapist, Mrs. Ardena Plourde, retired and moved to South Carolina. She has been replaced by Mrs. Anne Tufts, a well trained professional who has had extensive experience in public school settings.

We would also like to recognize the planned retirement of Superintendent William Clancy at the end of the current school year. He will leave the superintendency which he has served so well for the past ten years. His leadership and total commitment to his responsibilities have meant a great deal to the educational process in this community and to the SAU. The entire staff extends their wishes to Bill Clancy for a long and healthy retirement. Mr. Clancy will be succeeded by Dr. Arthur "Skip" Hanson who comes to SAU #16 from the Waterville, Maine area.

Respectfully submitted,

Chester E. Lee Jr.
